Important Notes :

- The inspection result recorded in this report only reflects on-site inspection findings on the product quality of the randomly drawn samples. After factory representative signs on the final inspection report, factory has agreed and acknowledged the findings of defectives on the quality issues explained by e2e QC. This inspection report does not waive relief factory's contractual responsibility from the reported product quality discrepancy after shipment. Customer reserves right to conduct quality check upon good's arrival to their premises.

- **Supplier/Vendor is fully responsible for all quality issues on its merchandise and all consequential loss arising out of all discrepancies.**

- Employees and All Contracted Agencies of e2e are strictly prohibited to accept any form of benefits such as gift, cash, entertainment, favors or gratuities from Vendors/Factories. Should such cases arise or further assistance be needed, please do not hesitate to contact the e2e - QA & Compliance Department
